

TO CONTROL PARTY AND THE STATE BROWN WOULD HEAD A STATE MACHINE

How He, Cox and Guilbert Plan to Con- trol All Ohio---Millions are Involved

Candidates for Auditor, Treasurer and Attorney General, If Elected, Will Dictate to All Classes of Business.

BY L. J. BEECHER.

Special Telegram to The Toledo Blade.

Columbus, O., March 12.—If the Republican ticket that was nominated at the Memorial hall convention last week is elected in November, Walter F. Brown of Toledo, and W. D. Guilbert, auditor of state, will assume control of the most thoroughly assembled, delicately adjusted and perfectly oiled political machine ever built in Ohio.

True, Congressman Theodore E. Burton received plaudits that were really a grand ovation, and Francis W. Treadway of Cleveland, the Burton candidate for lieutenant governor, was nominated over an alleged slate candidate of the Brown-Cox-Guilbert combination.

But, as one delegate said, the office of lieutenant governor is about as full of good things as a Halloween pumpkin, while all the real juicy plums, the patronage and influential positions—much more powerfully influential than can well be imagined without careful analysis of the situation—were distributed among candidates backed by State Chairman Walter F. Brown of Toledo, State Auditor Walter D. Guilbert of Noble county, State Treasurer W. S. McKinnon of Ashtabula, and George B. Cox of Cincinnati.

The salary of the lieutenant governor is \$1,500 a year. He presides over the senate, but has no vote, except in case of tie on subsidiary questions. He makes no appointments. Ordinarily his political influence is inconsequential, compared with that of the auditor, treasurer and secretary of state and attorney general, who appoint a small army of deputies and job holders; who have absolute control of the depositing of millions of dollars of state surplus funds; who have charge of the election machinery in every county of the state; who appoint the boards of review in the seventy cities having 5,000 or more population; who constitute the state boards that assess and remit taxes of all the public service corporations in Ohio, and the ramifications of whose influence are numberless and mysterious.

ATTORNEY GENERAL.

The nomination of U. G. Denman of Toledo, for attorney general, was demanded by Walter F. Brown of Toledo.

The attorney general is the legal adviser of all the executive departments of the state. By virtue of his office he is also a member of the state board of assessors and appraisers. This board meets annually in June to assess the property of express, telegraph and telephone, freight line, electric, gas, heating and cooling, messenger and signal, natural gas, pipe line, railroad, sleeping car, street, suburban and interurban electric, union depot, water transportation and waterworks companies that pay excise taxes into the state treasury.

The other members of the appraising boards are the auditor of state and the treasurer of state.

The corporations that the board assesses are capitalized at hundreds of millions of dollars and pay millions in taxes. It is obvious that the membership on this board is an important and influential position.

But that is not all. The salary of the attorney general is \$6,500 a year. He appoints a first assistant at \$3,000; a second assistant at \$2,500; a chief clerk, at \$1,500; messenger, \$600; two stenographers, \$2,400. For this year there has been appropriated \$33,000 for special counsel, also to be appointed by the attorney general. Two lawyers, known as special counsel, are constantly employed in the Columbus office, and others are retained in the different cities and counties as there appears to be demand for their services. The total annual amount paid to the attorney general and the assistants employed by him is the comfortable sum of \$49,500.

In addition to his distribution of office plums and his influential position on the corporation taxing board, the attorney general is also a power in still another way. The law creating local boards of tax review, passed in May, 1902, provides that such boards may be appointed, upon request, by the attorney general.

LEADERS CONFER WITH ROOSEVELT AT WHITE HOUSE

Washington, March 12.—A conference of tremendous importance to the entire country was held at the White House Wednesday night, beginning early in the evening and continuing until after midnight.

Among those whom the President consulted were Elihu Root, secretary of state; Attorney General Bonaparte; James R. Garfield, secretary of interior; and Samuel Gompers, president of the American Federation of Labor.

None of the conferees would state specifically the purpose of this extraordinary night session of the most important members of the cabinet, together with the principal representative of labor in the United States.

It was learned, however, from a trustworthy source that the discussion referred entirely to important amendments to the Sherman anti-trust law and to the interstate commerce law.

One of the men present outlining

vaguely the purpose of the lengthy meeting, said that it was a well-known fact that the United States supreme court had, in two recent decisions, undermined altogether the measures which the administration had been seeking.

Among those present was Maxwell Evarts, the personal counsel of Edward H. Harriman, head of the Southern Pacific railway, and an important factor in a dozen of the most important trunk line railways in the country.

Evarts, accompanied by H. T. Cory, chief engineer of the Southern Pacific system, arrived at the White House, accompanied by Secretary Garfield. They came to discuss the question of reimbursing the Harriman railway for money spent in preventing the Colorado river from abandoning its old course and flooding the fertile valleys of California.

This matter was soon disposed of, however, but the President took up

the question of the proposed amendments to the interstate commerce laws and the anti-trust law. Evarts was inclined to be severe at the outset, but the President did not yield an inch.

Finally the President suggested that Samuel Gompers, president of the A. F. of L., be called into the conference, and an effort be made to reach an agreement as to a form of law which would be perfectly satisfactory to these two men, representing labor and employer.

Mr. Gompers, when questioned on leaving the White House as to the nature of the conference, declined to discuss the matter further than to say in effect that he did not feel at liberty to give the details of the subject under discussion, but said:

"We discussed proposed amendments to the Sherman anti-trust law and to the interstate commerce law. What these were or will be it is, of course, natural that I should not discuss them, and the President will doubtless make all of the facts public when he considers the proper time has arrived to do so."

COUNTESS ANNA

AND SONS HAVE SAILED FROM FRANCE BOUND FOR THE UNITED STATES.

Count Boni Wishes Sons a Pleasant Journey, Disposing of Rumor That He Opposed It.

Cherbourg, France, March 12.—Mme. Anna Gould is on her way to New York aboard the steamship Adriatic with her sons, under the name of Mrs. Miller. The boys received a telegram before sailing last night, evidently from their father Count Boni, wishing them a "pleasant journey," and signed "Pap." The message seems to dispense of the rumors that Boni had not given his consent to his sons' departure from France.

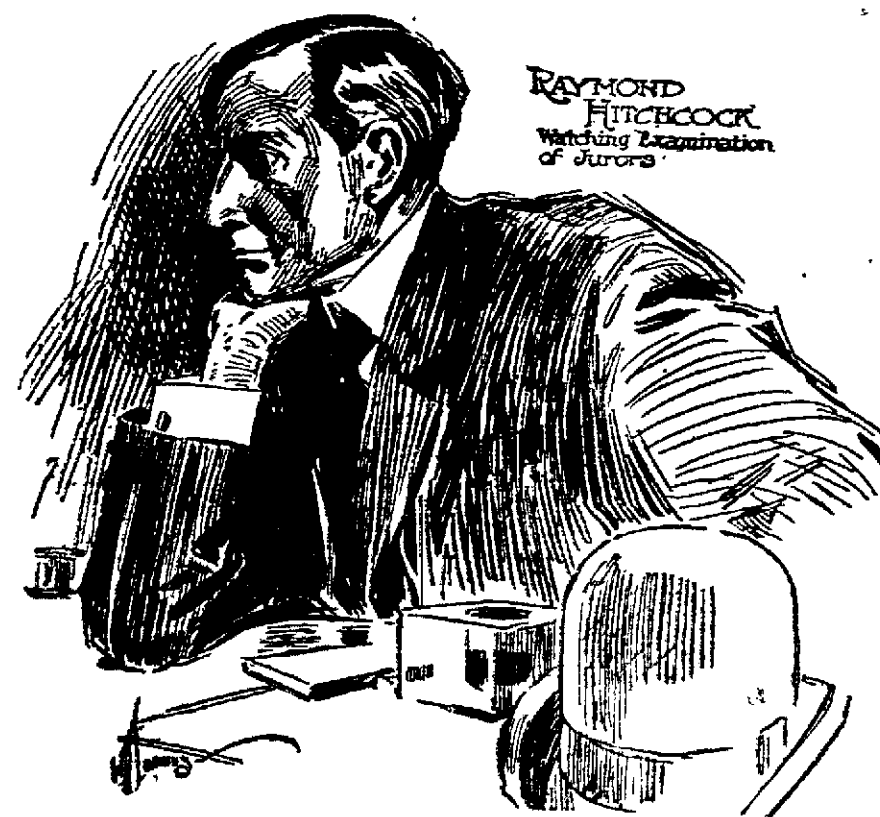

MINE WORKERS OF AMERICA

WILL DECIDE WHETHER TO STRIKE IN STATES WHERE SCALE EXPIRES.

Indianapolis, March 12.—The special national convention of the United Mine Workers of America met this morning to decide whether or not there will be a strike in the states where the scale expires April 1. This includes Arkansas, Oklahoma, Texas, Kansas, Missouri, Michigan, Central Pennsylvania, and Kentucky, besides the central competitive districts, composed of Indiana, Illinois, Western Pennsylvania and Ohio. The miners in these states alone number 350,000. President Mitchell admits that the situation is critical, but says he cannot forecast the action of the convention. The general feeling is, however, that a strike is probable.

The convention may last a week. The first business before the convention this morning was the reading of reports of the special committee, which failed to reach an agreement with the operators over an interstate agreement.

HITCHCOCK JURY COMPLETED

New York, March 12.—The jury which will try Raymond Hitchcock, comedian, charged with wronging young girls, was selected this morning and the trial of the case began. Assistant District Attorney Garvin in a brief speech, described the nature of the charges against Hitchcock, who in the indictment now being tried, is accused of wronging Helen Van Hagen. Prosecutor Garvin told of occasions when, he said, Hitchcock took

other young girls to his home on Long Island and kept them there over night. In the present case, he said, the only thing for the jury to decide was whether Hitchcock actually assaulted the Van Hagen girl.

Mrs. Van Hagen, mother of Helen, was the first witness. She told of Helen going living with the comedian without her consent. Up to the noon news, the state had failed utterly to connect Hitchcock with a crime.

SAYS SHE WILL CARRY SECRET TO THE GRAVE

HARRY K. THAW

WILLIAM THAW

PACIFIC FLEET

ARRIVES AT MAGDALENA BAY FOUR DAYS AHEAD OF THE SCHEDULE.

Will Devote Two Weeks to Target Practice and Will Then Sail for San Diego.

San Diego, March 12.—Four days ahead of schedule time, the battleship fleet under Admiral Evans arrived at Magdalena Bay early last night. This news was brought here this morning by wireless telegraph. The dispatches said the fleet would remain outside the harbor until daylight and then proceed to anchorage. Target practice will continue for two weeks and then the fleet will sail for San Diego. Since the departure from Callao the speed averaged has been much of the time greater than 11 knots per hour.

Admiral Evans' fleet entered Magdalena Bay shortly after daybreak today. The cruiser Buffalo was the only ship present to salute the admiral and his men. Admiral Evans stated that his ships are in better shape than when they started on the cruise.

NEVER Will Divulge Cause of Suit For Divorce Says Evelyn

SHROUDED IN MYSTERY

States She Will Carry Secret With Her to The Grave

Mother of Alleged Lunatic Made a Co-Defendant in Legal Proceeding.

New York, March 12.—Evelyn Nesbit Thaw made her first formal statement relative to her suit for the annulment of her marriage with Harry K. Thaw, in the office of her counsel, Dan O'Reilly.

"Despite the fact I am suing my husband to have our marriage annulled on the ground that he was insane when the ceremony was performed, I am frank to admit that it is not the true reason. What is prompting me in this will remain a secret as long as I live, and never, in my right sense, will I utter a word. I am determined to carry the secret to the grave with me. Further than that I found my cause during the first trial. I will remain mum in this matter forever."

"Is this suit based upon Thaw's jealousy?" was asked.

"No," exclaimed Evelyn, who declined to say, however, what was the specific cause of the quarrel and suit.

Mrs. William Thaw is being next of kin. No mention of divorce is to be made in the present suit. Dan O'Reilly, counsel for Evelyn, said that a separate suit may be started to compel a settlement of Harry Thaw.

refused to keep his promise to make such settlement voluntarily.

Thaw's fight will amount to nothing more than a mere formal defense, if present indications are reliable. His counsel, A. Russell Peabody, says Thaw will fight, but Mr. Peabody's own words in discussing the case are regarded as evidence that there will be no serious fight.

Thaw yesterday sent a letter to his wife begging her to come to see him today and hourly he expected her.

NO EXPLANATION

To Offer for Discrepancies States Cashier Green, Nominee for State Treasurer.

Columbus, O., March 12.—Cashier Green, of State Treasurer McKinnon's office, testified Thursday that he had no explanation to offer for discrepancies which appear as between figures of expert accountants, taken from the bank slips, and the correspondence on file in the office and cash books.

Asked by Senator Howe if he did not think the people of the state had a right to know what banks he had stock in, Green made no answer. Later he said he had answered faithfully and well the trust reposed in him by the State of Ohio.

AFFLICTION

Of Haines on Trial at Washington C. H. for Murder, Due to Self- Inflicted Injuries.

Mrs. Lizzie Long, of 473 Baltimore street, South Newark, an aunt of Clarence Haines, now on trial for the murder of his wife, at Washington C. H., denies a press dispatch printed in the Advocate of Monday, in which it was stated that Haines has been afflicted with palsy of the arm that fired the fatal shot, and loss of the eye that took the aim.

In 1895 Haines lived here with his aunt for about six months, and again in 1897 for the same period of time. Mrs. Long said that his affliction is due to partial paralysis resulting from the shot fired into his own cheek and which has never yet been removed. She says that the affliction is not of a mysterious nature in any sense, but is plainly due to the bullet wound.

Regarding other parts of the case, the woman asserts that her nephew cannot remember the shooting, or any of the details connected with it. She showed letters purporting to have written Haines by his mother-in-law, which clearly contradict her testimony on the witness stand at Washington C. H. last week.

CHILIAN

Strikers are Mowed Down by Govern- ment Forces

MACHINE GUNS ARE USED

Two Thousand Five Hun- dred Meet Death in Great Conflict

Battle Waged for Several Days and Business is at Standstill.

San Francisco, March 12.—Machine guns operated by the government forces of Chile in a great conflict with strikers at the nitrate beds and in the city of Iquique, laid 2,500 men low, most of them being killed, according to advices received Wednesday by the Norwegian steamer Christian Bors, arriving direct from Chile.

The greatest industrial upheaval in the history of South America preceded the slaughter, the awfulness of which stunned the strikers and governmental representatives alike and resulted in an end of hostilities.

The fact that 8,000 miners and longshoremen at Iquique and Talta went on a strike for higher wages two days after Christmas has been mentioned, but the details of the attack on the strikers by the Chilean soldiers with machine guns did not reach here until yesterday.

Business at Iquique, which has never before been seriously disturbed by anything but earthquakes, was paralyzed when the great army of workers went on a strike.

One fracas after another occurred until soldiers and strikers met in the streets of Iquique and on the outskirts and openly defied each other.

Being ordered to drive the army of men away and disperse them, the soldiers opened fire while they were massed and literally mowed down the men.

They had little opportunity to fight back, even though they had been armed, the assault upon them was so sudden.

Many of the soldiers were, however, killed by individual strikers and their sympathizers before the massacre and rioting had ended.

A week later, as though by common agreement, the strikers went back to work without the expected advance in wages. It is reported that the mine owners will voluntarily increase the pay of many of their employees.

JAPAN CALLED

And is Now Negotiating for a Com- promise With China in the Tatsu Maru Affair.

Peking, March 12.—It looks as if China having "called" the Japanese bluff in the Tatsu Maru game, has forced the Mikado to "lay down." At all events the Japanese foreign office is doing exactly what it swore it would not do, negotiating for a compromise.

SAID TO BE \$8,000 SHORT.

Achron, March 12.—Inspectors H. K. Krohn and L. E. Frazier had not completed their investigation of the alleged defalcation of John W. Chapman, deputy postmaster, last night, and would make no statement of the amount of the shortage, but it is understood that it approximated \$8,000, including \$3,500 drawn by him from a local bank, before leaving the city yesterday.

Lofa.
When you order bread from your grocer ask for "Lofa." You will be pleased with the flavor, the richness, and the keeping quality of this excellent loaf. 3-d12t

To the Public.
You are cordially invited to attend our grand opening Friday evening, March 13 in our new home at 36 South Third street. A fine musical program. Souvenirs to the ladies. The Brilliant Co. 40-3t

Dance Notice.
A. H. U. Hall Saturday night, conducted by the Big Four Dance club. Stegans' orchestra. 12-3

Dance Notice.
Dancing at M. W. of A. hall Saturday night, 8 to 12. Gents 25c. Ladies free. Conducted by Fox Bros. 3

Socialist Lecture.
There will be a socialist lecture by Howard Caldwell at the Music Hall Friday, March 13, at 7:30 p. m. Everybody welcome.

Mission Circle Meets.
The Mission Circle of the Plymouth Congregational church will meet Friday afternoon at the home of Mrs. Denelsbeck, 315 Buckingham street.

Queen Esther Circle.
The Queen Esther Circle will meet this evening with Mrs. Mary Lemert, 539 Hudson avenue. All members are requested to be present.

Box Social Postponed.
The box social which was to have been given at the Welsh Hills school home Friday evening March 13, has been postponed. Notice of the program and social will appear later.

Motoring at Buckeye Lake.
The January number of "Motoring" contains a very comprehensive article devoted to the motoring interests that now exist at Buckeye Lake. The illustrations are fine, and complimentary things are said of the outfits there, and of the members of the Boat Club.

Place Remodeled.
Mr. Emil Kohn, proprietor of the Newark Liquor Co., South Park Place has recently remodeled his pool room and has had all the pool tables done over. The room presents a very attractive appearance and is a credit to this line of business. The genial Mr. Wm. Von Aschen is now the manager.

Mystery Play.
A mystery play, entitled "Two Little Pilgrims and the Book Beloved" will be given this evening in Trinity parish house by the children of the parish. The play is modeled on those dramas which were performed in the channels of the church by the clergy at the birth of the English drama. It represents two Little Pilgrims from the Land of Darkness seeking Mother Church in order that they may learn how to worship God. After finding Her, they are taught by Mother Church the ancient way of God's people in His worship. Upon request to go back with them into the land of Darkness, Mother Church reveals the only way in which the request can be

granted. The play will be given this evening and will commence at 7:30. Fra Diavolo Rehearsal.

Full rehearsal of Fra Diavolo tonight.

Found Horse and Buggy.
Officer McClure found a horse and buggy hitched late last night and drove to the Whitehead livery barn where the outfit was stabled.

Lofa.
This said that a meal is made or marred by the bread. You can make a good meal of Lofa. See that the loaf you order has the "Lofa" label. 12-dtd

No Police Court.
Nary a case was in the police court this morning, and as the police had not been out of the bar for several days, the horses and wagon were driven about town for a while this morning.

Want Ad. Dig It.
"Please take out my want ad," said a Popular avenue man who ordered three insertions of a notice announcing an incubator for sale in last night's Advocate. "I got quick action, and have no more incubators for sale"; 3 lines 3 times, 25c.

Regular Monthly Meeting.
The Home and Foreign Missionary Societies of the First Presbyterian church will hold their regular monthly meeting in the parlors of the church Friday afternoon at 2 o'clock. All ladies of the congregation are invited.

Accepts Position.
Thomas Foos has accepted a position with the White Garage. Mr. Foos is a man of wide experience in the auto business, having spent four years in the Lorain Automobile works. Mr. White is very fortunate in securing his services.

Now at Haynes Brothers.
Mr. Bernard Miner, better known as "Bee" who for a number of years has been employed at Wyeth's bicycle store, has accepted a position as manufacturing jeweler with Haynes Bros., where he will be pleased to meet his many friends.

New Millinery Store.
Mr. J. R. Robertson of Coshocton, will open a new millinery store in this city. It will be located on East Main street in the store room just west of the Licking Light and Power Co. Mrs. Robertson has for many years conducted one of the most fashionable millinery establishments in Coshocton, which she will continue there. She at one time had a millinery store in this city on North Third street. She expects to be ready for business here the last week of March.

Meets With Accident.
Conductor Williams of the Columbus-Zanesville division of the Ohio Electric Railway, had the misfortune to meet with a very serious accident Wednesday evening. He was just pulling into Newark when the trolley wire broke at Buckner's corner, causing the trolley pole to fall, the wheel of which struck him on the head, cutting a deep gash and causing the blood to flow profusely. He was taken to his home where his injuries were attended by Dr. D. M. Smith and at this writing he is doing nicely and will be able to return to work in a day or two.

Lecture at the Orphan.
Charles Meyer, the globe trotter, who is now on a walking expedition from San Francisco to New York and return, has been engaged for a short talk at the Orphan. Friday night in connection with the amateur bill. Mr. Meyer has crossed the continent seven times and has visited nearly every country of the world. He is a typical man of the west and should

draw a large crowd. He will lecture at both performances.

Bids for Sewer.
Thursday noon bids were received by the Board of Public Service for the construction of the North avenue sewer. These, together with the paving bids just tabulated, will probably be awarded Friday. There were the following bidders: Frank H. Kinney, Brennan & Nutter, Devoll & Imbody, and John Smith.

Pig roast at Dick Heller's saloon.
146 Union street at 8 o'clock, Saturday night. 12d3t

LOST.
An opportunity will be lost if you fail to try "Bentley's White Lily Catarrh Cure." You have tried the rest, now try the best. 25c. All drug stores.

"Old Cronies" at Taylor Hall tonight, where Howard Jones and Edward King write a bachelor's joint Love-Letter.

WEDDINGS

SHARPLE-OSBURN.
On Wednesday evening, March 11, Mr. Pearl R. Sharple and Miss Nellie R. Osburn came to the home of Rev. H. C. Stuckenberg and went away as Mr. and Mrs. Sharple. Mr. Sharple is a farmer near Glenford and Miss Nellie is the daughter of Mr. and Mrs. Wm. Osburn of near Linnville. The young couple were accompanied by Mr. Fred A. Stevens and Miss Anna Osburn. After the marriage the party returned to the home of the bride's parents where a few friends had assembled to offer congratulations and partake of a bounteous feast. Mr. and Mrs. Sharple will make their home for the present with the groom's parents. They have the best wishes of many friends for a long and happy life.

DAVIS-PARSONS.
A very pretty wedding was solemnized at the home of the bride's cousin Rev. R. H. Long, near Centerville, where performed the ceremony, when Mr. Perry Davis a successful young teamster of Granville and Miss Harriet A. Parsons a school teacher of near Croton, were united in marriage. After the ceremony they returned to the bride's home where a supper awaited them. The next night they were given a supper at the groom's home, and Saturday night one at the home of the groom's brother. The groom is a very prominent young man, who has gained many friends in Granville, and the bride has taught school in Licking county for six years. They have a host of friends who extend hearty congratulations.

CARD OF THANKS.
We desire to thank our friends and neighbors, the B. of L. E. K. of P. No. 305, Rev. Mr. Tront, Rev. Mr. Scholes for their many acts of kindness in our bereavement, also for the many beautiful floral tributes, Mrs. John Targett and children.

A South African diamond mine or "pipe" is the crater of an extinct volcano and the diamondiferous ground forms the filling of that crater.

Regret for our mistakes is only practical when it prevents us from making greater ones.

WATCH BACKACHE

This Simple Home Mixture is Said to Prevent Serious Kidney Trouble Every Time.

More people succumb each year to some form of kidney trouble than any other cause. The slightest form of kidney derangement often develops into Bright's kidney disease, diabetes or dropsy. When either of these diseases are suspected the sufferer should at once seek the best medical attention possible. Consult only a good, first class physician, leave patent medicines alone.

There are many of the lesser symptoms of kidney trouble which can be treated at home as stated by a well-known authority. For some of these, such as backache, pain in the region of the kidneys, weak bladder, frequency, (especially at night) painful scalding and other urinary troubles, try the following simple home remedy: Fluid Extract Dandelion one-half ounce, Compound Kargon one ounce, Compound Syrup Sarsaparilla, three ounces. These simple ingredients are harmless and can be obtained at any good prescription pharmacy and anyone can mix them by shaking well in a bottle. The dose for adults is a teaspoonful after each meal and again at bedtime.

There is no better general remedy known to relieve all forms of rheumatism either, because it acts directly upon the kidneys and blood, it cleans the clogged up pores in the kidneys so they can filter and strain from the blood the poisonous uric acid and waste matter which if not eliminated remain in the blood, decompose and settle about the joints and muscular tissues causing the untold suffering and deformity of rheumatism.

Backache is nature's signal notifying the sufferer that the kidneys are not acting properly. "Take care of your kidneys," is now the physician's advice to his patients.

draw a large crowd. He will lecture at both performances.

WEDDINGS

SHARPLE-OSBURN.
On Wednesday evening, March 11, Mr. Pearl R. Sharple and Miss Nellie R. Osburn came to the home of Rev. H. C. Stuckenberg and went away as Mr. and Mrs. Sharple. Mr. Sharple is a farmer near Glenford and Miss Nellie is the daughter of Mr. and Mrs. Wm. Osburn of near Linnville. The young couple were accompanied by Mr. Fred A. Stevens and Miss Anna Osburn. After the marriage the party returned to the home of the bride's parents where a few friends had assembled to offer congratulations and partake of a bounteous feast. Mr. and Mrs. Sharple will make their home for the present with the groom's parents. They have the best wishes of many friends for a long and happy life.

DAVIS-PARSONS.
A very pretty wedding was solemnized at the home of the bride's cousin Rev. R. H. Long, near Centerville, where performed the ceremony, when Mr. Perry Davis a successful young teamster of Granville and Miss Harriet A. Parsons a school teacher of near Croton, were united in marriage. After the ceremony they returned to the bride's home where a supper awaited them. The next night they were given a supper at the groom's home, and Saturday night one at the home of the groom's brother. The groom is a very prominent young man, who has gained many friends in Granville, and the bride has taught school in Licking county for six years. They have a host of friends who extend hearty congratulations.

CARD OF THANKS.
We desire to thank our friends and neighbors, the B. of L. E. K. of P. No. 305, Rev. Mr. Tront, Rev. Mr. Scholes for their many acts of kindness in our bereavement, also for the many beautiful floral tributes, Mrs. John Targett and children.

A South African diamond mine or "pipe" is the crater of an extinct volcano and the diamondiferous ground forms the filling of that crater.

Regret for our mistakes is only practical when it prevents us from making greater ones.

WATCH BACKACHE

This Simple Home Mixture is Said to Prevent Serious Kidney Trouble Every Time.

More people succumb each year to some form of kidney trouble than any other cause. The slightest form of kidney derangement often develops into Bright's kidney disease, diabetes or dropsy. When either of these diseases are suspected the sufferer should at once seek the best medical attention possible. Consult only a good, first class physician, leave patent medicines alone.

There are many of the lesser symptoms of kidney trouble which can be treated at home as stated by a well-known authority. For some of these, such as backache, pain in the region of the kidneys, weak bladder, frequency, (especially at night) painful scalding and other urinary troubles, try the following simple home remedy: Fluid Extract Dandelion one-half ounce, Compound Kargon one ounce, Compound Syrup Sarsaparilla, three ounces. These simple ingredients are harmless and can be obtained at any good prescription pharmacy and anyone can mix them by shaking well in a bottle. The dose for adults is a teaspoonful after each meal and again at bedtime.

There is no better general remedy known to relieve all forms of rheumatism either, because it acts directly upon the kidneys and blood, it cleans the clogged up pores in the kidneys so they can filter and strain from the blood the poisonous uric acid and waste matter which if not eliminated remain in the blood, decompose and settle about the joints and muscular tissues causing the untold suffering and deformity of rheumatism.

Backache is nature's signal notifying the sufferer that the kidneys are not acting properly. "Take care of your kidneys," is now the physician's advice to his patients.

draw a large crowd. He will lecture at both performances.

PERSONALS

Mrs. J. H. DeBow of Granville was in Newark Thursday.

Mr. B. E. Sapp of Mt. Vernon was in Newark Tuesday on business.

Mrs. A. A. Nevins has returned from a visit in Chicago Junction, O.

Rev. L. W. Mulhane of Mt. Vernon was in Newark Tuesday afternoon on business.

Miss Ethel Williams spent Wednesday in Somerset the guest of her sister, Mr. George Depler.

Mrs. Anna Howard of Cincinnati is the guest of Mrs. Florence Girard of the Wonderland Theatre.

Miss May Wagner, graduate nurse of Columbus, is the guest of her cousins, Mr. and Mrs. Nick Savey of North avenue.

Mr. and Mrs. F. A. Crane, Mr. and Mrs. W. L. Proul are home from a trip to the winter resorts on the east coast of Florida.

Sid Livingston, of the board of public service, has been confined to his home for the past two days with an attack of stomach trouble.

Mrs. E. B. Meriam nee Lizzie King, of Euclid avenue, Cleveland, Ohio, is visiting her mother, Mrs. Wm. A. King, on North Second street.

Mrs. F. C. Alderd and Mrs. George Ervin have returned from Mansfield, where they attended the state convention of R. N. of A. and in which they took an active part.

Mr. Henry Graff of Omaha, Neb., is visiting at the home of his father, Mr. Anton Graff, of 71 South Fifth street, after an absence of twenty years. He finds Newark some changed.

TOLEDO BLADE'S EXPOSE OF THE BROWN-GUILBERT-COX STATE MACHINE

The most ably edited and influential Republican newspaper in all Ohio is The Toledo Blade. In fact, there is not more than one newspaper in the entire state that today exercises as great an influence with the people of all classes as does The Toledo Blade. For this reason the article printed in another column from the Blade making an expose and severely condemning the state ticket nominated at the Republican State convention by the Cox-Brown-Guilbert machine, is the most significant incident that has ever occurred in Ohio politics.

The facts thus presented to the people of the state by the Blade will have special force and effect upon the voters of all parties, because of the high Republican authority from which it emanates. The Cox-Brown-Guilbert machine wielded greater power at the late Republican State convention than was ever known before at any convention in the state's history.

The protest the Blade thus makes and the appeal that is put up to the voters of the state cannot fail to influence many thousands to exercise their freedom from such dominant bossism and cast their ballots against the boss state.

MORE SOUTH END SUBWAY TALK

Interest Revived Among People of That Section That May Result in Three Subways or Viaducts

Interview With Mr. Charles Stasel Who Proposes a New Revised Plan for a Subway Under South Second Street, Which He Claims Will be Practical at Moderate Cost.

The Advocate's article of Wednesday, referring to the proposed subway for connecting South Newark with the city proper, has brought forth much discussion and interest among the residents of that portion of the city. Now that the matter is being agitated in the proper manner, it is fully believed that it will be but a short time before the hopes of South End people will be realized and a movement started which will not stop until that valuable part of the city across the railroads is annexed to the business section by a series of subways, or viaducts, not stopping with any one street, but including Second, Fourth and Sixth streets.

When this is accomplished, and not until then, will the South End taxpayers receive the advantages that are due them and that are enjoyed by other sections of the city.

Apocryph of this, discussion has been heard today pertaining to the proposed subway under South Second street and new interest seems to be revived since the recent report of City Engineer Wells to the city council, in which he claimed that the proposed plan for a subway on South Second was impracticable.

In an interview with Mr. Charles Stasel on the subject, Thursday, The Advocate gained the following points which prove advantages of the Second street subway for connecting South Newark.

Mr. Stasel spoke on the subject as a citizen representing the whole of the residential section involved, rather than from a personal standpoint.

It is shown that the subway on this street is practical owing to the general and natural conditions existing, there being a natural entrance on the south of the railroad with a sufficient grade to do away with much of the artificial construction that would be necessary in the case of other street crossings of the railroad.

Mr. Stasel said: "The railroads at Fourth street are nearly twice the distance across that they are at Second street and would naturally require twice the amount of supporting structure. Then, in order to build retaining walls at that point, some streets would, of course, be closed there; besides, the expense would reach nearly twice the amount necessary at Second street, if not more."

"Under the present conditions, the Pennsylvania station is so situated with respect to Second street, that all passenger trains, with the exception of one short accommodation train, rest across the street when stopping. Either an engine takes up a part of the passage-way, or the rear coaches block traffic and make the crossing dangerous. Again, every freight train going west over the Pennsylvania is held up for a length of time, varying from five to fifteen minutes, by the B. & O. target."

"On behalf of the suburb, 'Texas,' I would appeal," said Mr. Stasel, "for the council and board of public service to be permitted to use their better judgment on this subject. 'Texas' has been imposed upon for several years, by being practically cut off from the rest of the city. South Second street is the only practical means for the several hundred people of 'Texas' to reach the city, and with the present facilities for getting in and out of the business district, these people as well as other South Second street residents, including those residing on the heights across the creek, are practically helpless."

"According to Engineer Wells' plans, he has given a grade of 10 per cent, which is, as he says, too steep. Beside this fact, his plans are so drawn that the girders, which support the tracks, lay below the track level to a depth of about four

feet, thus cutting off at least three feet of head room and necessitating a much steeper grade from the north side of the tracks. My suggestion is this: Place those girders above the track level, permitting them to extend between the tracks, as is often done in railway bridge construction. This will give the necessary head-room and at the same time reduce the grade from 10 per cent to one of about six and three-quarters per cent. Then, the sewer, which the engineer says would be interfered with, would not be in the way at all.

"The cost, under such an arrangement, would be reduced fully one-third."

"That this cannot meet with opposition on the part of the railroad companies, is assured on this same authority, citing the city of Cleveland as an example. Cleveland has any number of these subway crossings designed on this same plan and they have given entire satisfaction and have not met with the opposition of the railroad companies."

"It is with the hope of connecting that valuable part of the city in a more direct way at the least expense to the city, that I have taken an interest in this matter, and I feel that if the city council will proceed with the action already begun in behalf of South Newark, we can have a subway constructed in a comparatively short time that will mean much to the future and growth of Newark."

DEEDS, NOT WORDS.

Newark People Have Absolute Proof of Deeds at Home.

It's not words, but deeds that prove true merit.

The deeds of Doan's Kidney Pills, for Newark kidney sufferers, have made their local reputation. Proof lies in the testimony of Newark people who have been cured to stay cured.

Charles W. Manville, residing at 7 Lansing Block, Newark, Ohio, says: "I had a severe attack of grippe which weakened my kidneys and as a result I suffered from pains in my back and a disordered condition of my kidney secretions. There was a constant dull aching in my back and through my loins, accompanied by sharp shooting twinges which annoyed me both day and night. I tried numerous remedies but obtained only temporary relief and was gradually becoming run down in health. Hearing of Doan's Kidney Pills I procured a box at Crayton's drug store, began using them and the result was a complete cure." (From statement given Nov. 10, 1904.)

CONFIRMED PROOF.
On Nov. 26, 1907, Mr. Manville said: "I am pleased to reiterate my former testimonial in favor of Doan's Kidney Pills, as the results I obtained from their use have proven permanent. Doan's Kidney Pills acted so promptly, in my case that I have the greatest confidence in them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

COLLECTIONS NOT FOR LOCAL ARMY

The American Salvation Army which is now leaving letters for contributions at the private homes and business places are in no wise connected with the Salvation Army who have been located in Newark for a number of years. These collections are not for the local corps of Newark as the American Salvation Army is a different institution, and has never been stationed in Newark.

PRISONER CUTS THROAT.

Piqua, March 12—Harry Bowens, a Piqua youth in the Miami county jail, at Piqua, charged with forgery, procured a razor from Sheriff Gibson yesterday, ostensibly to shave himself but immediately proceeded to cut his throat. He also swallowed the contents of a bottle, which he had concealed in his cell. Both efforts failed, however, as the cut was not deep

TO CONTROL PARTY AND STATE

(Continued from Page 1.)

quest of county auditors, for any city in Ohio. According to statute, cities are those municipal corporations having 5,000 or more population in Ohio. There are 70 of them in the state, and 69 have boards of review. There are three members of each board appointed by the attorney general, auditor of state and treasurer of state. The salaries of the board members are fixed by county commissioners, but the maximum, which is paid in Toledo, is \$250 a month.

AUDITOR OF STATE.

Edward M. Fullington, nominee for auditor of state, is chief deputy under W. D. Guilbert. Guilbert advocated his nomination. The retiring auditor is one of Walter Brown's political allies and will be reckoned a factor in the contest for the toga of Senator Foraker next January.

The salary of the auditor of state is \$6,500 a year. He appoints fourteen office clerks, whose aggregate annual salary, including an allowance to the department of \$1,000 for traveling expenses, is \$26,250.

This is all that appears on the appropriation budget, but just a little scratching of the surface shows that the half has not been told. Under the jurisdiction of the auditor of state is the bureau of inspection and uniform accounting. As nearly as can be ascertained, there are thirty-seven traveling inspectors employed constantly. Their salary is \$5 a day, and their hotel bills and traveling expenses are paid. No state appropriation is made to compensate them, because their time and expenses are charged against the counties, townships, villages and cities whose books they inspect. Incidentally, this corps of traveling inspectors, included in which is Frank L. Baird of Toledo, does much political missionary work.

TREASURER OF STATE.

For treasurer of state, the nominee is Charles C. Green of Columbus. He is now first deputy under Treasurer W. S. McKinnon, who, with Walter Brown and George B. Cox, joined in the fight for his nomination. Only twice during the entire convention proceedings did Cox vote his 96 delegates solid. Once was for J. G. Obermeyer, the Cincinnati candidate for clerk of the supreme court. The other time was for Green for treasurer.

The state treasurer has control of the depositing of the five million surplus in the state treasury. A recent investigation showed that the largest deposit is with the Cincinnati Trust company, of which Cox is president. The amount of that deposit is \$300,000, and it is cheap money. The Cox bank gets it for 2½ per cent. Another deposit of \$200,000 is with the First National Bank of Cincinnati. Cox is also interested in that financial institution.

The salary of the treasurer of state is \$6,500 a year. He appoints a first assistant or cashier at \$3,400, two bookkeepers, two watchmen and a correspondence clerk. His patronage in jobs is not large, but he wields a mighty influence with the bankers whose institutions are entitled to receive state money.

SECRETARY OF STATE.

For secretary of state the convention renominated Col. Carmi A. Thompson of Ironton. Politically, Thompson is closely allied with Cox, Brown and Guilbert.

The salary of the secretary of state is \$6,500 a year. He appoints fifteen office assistants. This year the department will pay in salaries \$34,400.

The tremendous influence of the secretary of state, however, lies in the fact that he is the chief supervisor of elections—the head of the election machinery of the state, and appoints the four members of the election board in each of the 88 counties. The brigade of election board members number 362 men, not including their clerks and assistants and the great army of registrars, judges and clerks of elections appointed annually for special duty.

The organization that Chairman Brown has completed is well calculated to be self-perpetuating if it succeeds at the polls next fall.

BITTER ATTACK.

Toledo, O., March 12.—The machine Republicans of Northwestern Ohio are up in arms over the attack started by the Toledo Blade upon the entire state ticket, with the exception of Governor Harris.

The Blade charges that the candidates for auditor, treasurer and attorney general are controlled by Walter F. Brown and W. B. Guilbert, and that, if elected, will dictate to all classes of business. It charges that Walter F. Brown, with Cox and Guilbert, planned completely to control all Ohio.

It is asserted by the Blade that if the Republican ticket nominated at the Memorial hall convention last week is elected in November Walter F. Brown of Toledo, and W. D. Guilbert, auditor of state, will assume control of "the most thoroughly assembled, delicately adjusted and perfectly oiled political machine ever built in Ohio."

"True, Congressman Theodore E. Burton received plaudits that were really a grand ovation," says the Blade, "and Francis W. Treadway of Cleveland, the Burton candidate for lieutenant governor, was nominated over an alleged state candidate of the Brown-Cox-Guilbert combination. But, as one delegate said, the office of lieutenant governor is about as full of good things as a Halloween pumpkin, while all the real juicy plums, the patronage and influential positions—much more powerfully influential than can well be imagined without careful analysis of the situation—were distributed among candidates backed by State Chairman Walter F. Brown of Toledo, State Auditor Walter D. Guilbert of Noble county, State Treasurer W. S. McKinnon of Ashtabula, and George B. Cox of Cincinnati."

enough to kill, and a stomach pump relieved him of the drug.

ANNUAL CONFERENCE AND RETREAT OF THE OHIO BAPTIST MINISTERS

Will be Held At Granville, Beginning Monday, March 30---Fine Program Has Been Arranged

Mendelssohn's "Hymn of Praise" to be Presented At Annual Commencement in June---Interesting News of Granville.

Granville, March 12.—The annual Conference and Retreat of the Ohio Baptist Ministers which was held at Granville last spring with such great results and success, and is to be repeated there during the brief spring vacation of the college, promises an even greater success this year. It is to open in Granville on Monday, March 30 at 2:30 o'clock p. m. and last through Wednesday evening, April 1st. The three days are to be filled with notable addresses on the general theme, "The Preachers' Proclamation," Dr. B. W. Hunt, president of Denison University, is to bring greetings on behalf of the University on Monday afternoon, to be responded to by Dr. H. F. Stillwell of First church of Cleveland, whose son is a student of the university and a member of the football team. Prof. John H. Strong of Rochester, N. Y., will give his notable address on "The Preacher at Prayer," on the same afternoon. Dr. Thomas Trotter of Toledo, pastor of the Ashland avenue church, of which Dr. Hunt was formerly pastor, will deliver on Monday evening a sermon on the theme "A Great Resolve of the Greatest of Preachers." On Tuesday morning an address will be given on "The Study and the Pulpit" by Dr. G. B. Cullen of Columbus, who delivered the sermon on the recent Day of Prayer for Colleges, here; and one by Prof. C. L. Williams of Denison on "The Rhetorical Element in the Preachers' Proclamation."

Tuesday afternoon a symposium on various phases of the proclamation will be introduced by addresses from Rev. Llewellyn Brown of Cleveland; C. H. Pendleton of Youngstown, and Dr. G. R. Robbins of Cincinnati. On Tuesday evening there will be a sermon by Dr. W. B. Wallace, who has recently come to this large East End church of Cleveland to take the place of Dr. E. A. Hanley.

Wednesday morning a symposium will be participated in by Dr. C. J. Baldwin of Granville, Rev. Millard Brelsford of Cleveland, and Rev. J. A. Bennett of Newark. In the afternoon a symposium on "The Proclamation in the Modern City" will be participated in by Rev. J. F. Herget of Cincinnati, and Rev. C. A. Brooks of Cleveland, with a discussion opened by Rev. W. E. Baker of Warren.

A rare treat is to be had on Wednesday evening, April 1, in the presentation by the celebrated Prof. Ira M. Price, Ph.D., LL.D., of the University of Chicago, who is one of the noted family of Price boys of the Welsh Hills near Granville. Dr. Price, who is one of the foremost of Assyriologists, will give a lecture, illustrated by lantern slides, on the latest results of explorations into the relation between Assyria and the Kingdom of Israel.

There are to be hours given to Scripture expositions and devotion, and other periods assigned to conferences and question boxes on various phases of pastoral experiences.

A large number of letters have been received already, indicating the deep interest taken in the conference and the large attendance which may be expected. A committee, of which Dr. H. R. Hundley is chairman, is arranging lodging entertainment for the guests, and meals are to be served at the Shepardson dining hall as last year. To the evening sessions especially, everybody is cordially invited. The sessions on Monday and Tuesday evenings will be held at the Baptist church. That on Wednesday evening at Recital Hall.

Granville, O., March 12.—Miss Elizabeth Thompson Wilson, head of the local department and acting dean of the Conservatory of Music here, consented to take charge of the chorus which will present Mendelssohn's "Hymn of Praise" at the commencement in June. As was announced some weeks ago the plan of the Granville Festival Association to

present this work at a concert earlier in the spring was found impracticable, and it was given up with the understanding that the conservatory would provide for the rendering of the same work in connection with the commencement concert. The Denison and Shepardson Glee clubs are to form the nucleus of the chorus and all members of the Festival chorus are invited to participate. The chorus will meet on Monday evenings from 7 to 7:45. Mrs. Wilson is an admirable conductor of a chorus, being herself a fine vocalist and voice teacher, gives incidentally many valuable hints as to the use of the voice in the course of her conduct of the chorus. The work has only fairly begun, and all members of the chorus are urged to join promptly in the rehearsal of this exquisite work of the great composer.

New Grand Stand.
The grand stand on Beaver athletic field, which was burned last Halloween by some over enthusiastic young men who were bent on celebrating the occasion, is to be replaced. Shortly after the stand was destroyed a mass meeting of students was held, at which over \$100 was pledged to rebuild the stand. Nothing, however, was done, and those who subscribed were very slow in paying their subscriptions. A meeting of all the students was held in chapel Wednesday morning to take further action in the matter. Dr. Hundley presided and read the names of the delinquents, nearly all of whom dropped the amounts pledged in a hat, and a goodly sum of money was realized. A contract will be let in a day or two for the construction of a new grand stand, similar to the old one.

Revised Schedule.
On account of the irregularity of the interclass basketball schedule not much enthusiasm has been shown so far this season in these games. It has been decided by the management to rearrange the schedule, and it is hoped that the student body will become enthusiastic enough to come out and see their team play. Below is found the schedule as it will be carried out. The games will be called promptly at 4:30. The seminary girls will have ample time to see the game before their supper.

Mar. 16, Sophomores vs. Academy.
Mar. 17, Seniors vs. Juniors.
Mar. 18, Sophomores vs. Freshmen.
Mar. 19, Seniors vs. Sophomores.
Mar. 20, Freshmen vs. Academy.
Mar. 22, Juniors vs. Freshmen.

Entertained.
On last Friday evening the members of Miss Elva Brakeman's junior class in the Baptist Sunday school were entertained in a handsome manner by Mrs. W. P. Ullman at her home on Pearl street. The hours were from 6:30 to 9 o'clock, and 18 boys and girls were present. The diversions of the evening consisted of a "March Hare Party" and a guessing contest. The prize for the best guesser was awarded to Kenneth Ullman. During the evening appetizing refreshments were served.

The geological department of Denison is indebted to Mr. George Phillips for the gift of several splendidly preserved stone implements found by him in Jamaica. These specimens form a valuable addition to the equipment of the department.

Rev. C. J. Rose, Rev. E. A. Reed and Rev. T. G. Field are attending the International Missionary Conference at Pittsburgh this week.

Mrs. A. M. Brumback is visiting her mother in Cincinnati. Lathyr Yerkes, M. D., of Upper Alton, Ill., D. U. '99, is visiting friends in the village for a few days, and is the guest of his Phi Gam brothers. Mr. Yerkes is received a cordial welcome from those who knew him in the old days.

Mr. Ellis P. Legler, D. U. '07, of Dayton, O., is the guest of his Phi Gam brothers. The Phi Gams are making great arrangements for their annual pig dinner to be held at the Chapter House Friday night.

DUNLAP AGENCY
THE KING CO.

COMING TO NEWARK

Warden Friday, Mar. 20 From 9 a.m. to 6 p.m.
Hotel One Day Only.
IT WILL PAY YOU TO GO 200 MILES TO SEE

Dr. C. C. Weist

The Well Known Columbus Specialist

Who will visit above named town on dates specified. For more than 30 years Dr. Weist has made regular monthly visits to the principal cities of Ohio. His large practice, this community is largely due to the hearty recommendations of those whom he has treated. Why not consult a well known specialist who has earned an established reputation among you?

Chronic Diseases of Men and Women

Dr. Weist has devoted his life to the study of Chronic Diseases. If you are afflicted, how can you make a mistake getting free of charge the honest opinion of an experienced, educated Specialist, who at great expense qualified himself and provided the necessary facilities for the successful treatment of Chronic Diseases. It costs you no more to employ an expert than to risk your life with an inexperienced physician.

Get Well, Consult Dr. Weist.

My special methods and years of experience include all experimenting or guess work. If you are suffering from any Chronic Disease of Stomach, Liver, Bowels, Rectum, Lungs, Nose, Throat, Bronchitis, Tuberculosis, Nerves, Spine, Heart, Blood, Skin, Kidneys, Bladder, Prostate, etc., I will cure you in the shortest possible time without the use of dangerous appliances or injurious drugs.

DISEASES OF MEN

Special attention is given to all diseases peculiar to men, especially those suffering from overwork or other excesses. Nervous Debility, Varicocele, Rupture, Blood, Pox, Gonorrhea, Rheumatism, etc. Consultation Free and Confidential.

Varicocele and Rupture Cured without the use of the Knife.

Each person applying for treatment should bring from two to four ounces of morning urine which will receive careful examination. List of 500 questions sent on application. Persons desiring consultation at my Columbus office, should first arrange an appointment by mail. You can see me at my Columbus office on Saturday and Sunday by appointment.

CONSULTATION AND EXAMINATION FREE AND CONFIDENTIAL.
CALL ON ABOVE DATE OR ADDRESS, DR. C. C. WEIST, Danison Hotel, COLUMBUS, OHIO

Eyes Examined Free

Have your eyes examined by an experienced Specialist. Dr. Weist treats Diseases of the Eye. Many cases of defective vision are caused by disease. Do not risk your sight with any oculist who is not able to discover and treat the cause. If glasses are needed, Dr. Weist will fit you satisfactorily.

DISEASES OF WOMEN

My years of experience in the treatment of Special Diseases of Women, and the success in curing hundreds of almost hopeless cases, has given me the full confidence of my patients. My treatment is perfectly harmless and can be used successfully at home. Humiliating methods of examination not required. I will make you feel like a new woman. Consultation Free and Confidential.

WOMAN LOSES GEMS HIDDEN IN A SHOE

Footwear Containing Jewels Exchanged at Store—Police Have Hard Nut to Crack.

Chicago, March 12.—Mrs. R. H. Williamson, 5911 Washington boulevard, is the victim of a diamond mystery which has no parallel in local police annals. She reported the loss of \$1,500 worth of diamond rings, earrings and pins. The jewels she said had been placed in a chamois bag in the toe of one of a new pair of shoes. She exchanged the shoes but forgot to take the diamonds out before doing so. Whether the diamonds were lost or stolen is the question she is trying to solve. Mrs. Williamson, and her mother are using their mind power today in an attempt to soften the heart of the woman who found the diamonds in her new pair of shoes.

Mrs. Williamson took the diamonds out of a safety deposit vault Tuesday for the purpose of getting a loan up on them and paying off a mortgage on her home. Earlier in the week she had bought a pair of shoes from the Rosenbach Shoe company in the Masonic Temple. When she reached home with her diamonds she carefully placed them in the chamois skin sack and tucked them in the toe of one of the shoes. She tried on one of

the shoes again and found it too small. Then she took the shoes downtown to exchange them for another pair. She thinks the diamonds were with the pair of shoes that was left in the store. Mrs. Williamson did not think of the diamonds again for a day or two and could not remember at first where she had placed them.

The Rosenbach company has a branch store in the Union block this city, conducted by Mr. Howard Sheldon.

Easy to buy, easy to try, the best, wholesome, appetizing breakfast is Mrs. Austin's famous pancakes.

Rank Foolishness.

"When attacked by a cough or a cold, or when your throat is sore, it is rank foolishness to take any other medicine than Dr. King's New Discovery," says C. O. Eldridge, of Empire, Ga. "I have used New Discovery seven years and I know it is the best remedy on earth for coughs and colds, croup, and all throat and lung troubles. My children are subject to croup, but New Discovery quickly cures every attack." Known the world over as the King of throat and lung remedies. Sold under guarantee at F. D. Hall's Drug Store, 50c. and \$1.00. Trial bottle free.

The festive tramp may be a regular cut-up until he catches sight of a wood-pile.

A good deal may be lost at poker on a bad deal.

VISITED NEWARK

MURDERED WOMAN OF WASHINGTON C. H., WAS HERE LAST SUMMER.

Mrs. Sallie Hart, of This City, Testifies in the Haines Murder Trial Now in Progress.

Washington C. H., March 12.—In the Haines murder trial, Mrs. Sallie Hart of Newark, yesterday testified that a certain man who has been mentioned all along in this case, came to her boarding house in Newark Saturday, August 10, and engaged a room. Six days passed and the woman and her child came and they were introduced as the man's wife and baby. The witness from the photo identified the woman and child as being Mrs. Clarence Haines and daughter, aged three years.

The woman and child left Newark two days later. The man followed them to Columbus two or three days later, but did not find them. The child had left a cap behind and after the murder Mrs. Hart was told by the man to keep the cap, as he never wanted to see it again. This man later went to Dennison, Ohio, and has not been heard of since.

"Lend Me Five Shillings" at Taylor Hall tonight—Joseph Jefferson's favorite role.

FATHER MULHANE

Threatened With Death at Mt. Vernon for Lecturing Against Anarchy.

Mt. Vernon, O., March 12.—Father L. W. Mulhane, pastor of St. Vincent de Paul's Catholic church, here, today received a letter signed "Black Hand," threatening him with death for a lecture given by him in which he denounces anarchy and "Black Hand" methods. Father Mulhane is a noted lecturer. He says he will disregard the warning.

Possibly one reason why the cost of things is coming down is that things have been costing more than they are worth.

The average girl will select a husband with less care than she will select a ribbon.

About one man in a thousand can lose his money and still keep his friends.

Some men have nearly as many ups and downs as their umbrellas.

PLAYERS

Will Report April First—Practice Game Will Be Played on the Fifth of the Month.

The Molders will report in Newark Wednesday, April 1. This was the word sent out today to all the men under contract with Manager Berryhill.

Just 19 days more for the fans to wait to see the new additions to the team and to shake hands with the old men who will be back again.

The first game of the season will be played April 5, when the Vets and the Colts will get together and try conclusions on the diamond at the Wehrle park.

The game will be free and the fans can then get their first whiff of the baseball season.

SNYDER TRAINING

When Lefty Snyder reports this spring he ought to be in the very pink of condition. He has been in Columbus for some time past and has been training regularly in a gym in that city. Several hours a day he puts in with the Indian clubs, dumbbells and horizontal bar work. Lefty usually reports in good condition and this spring is to be no exception. The excellent rule he has made.

CONTRACT RECEIVED.

The contract of Doc Abbott, the reliable right fielder who signed several days ago, and whose decision to play with the Molders again this season was noted in the Advocate, was received this morning by Secretary Hopkins and filed away with the others.

MAY CHANGE DATES

Decoration day may see either two ball games in Newark or two in Mansfield, for as the schedule now stands, Newark has the morning game, and the teams must go to the City of Churches to play in the afternoon.

It might be necessary to hire a special train to take the teams to that city. As the original schedule was made Newark got both games but President Sturgis and Director Rutledge made the change.

Different arrangements may be made that will give both games to either one city or the other.

FREE EXHIBITION.

Prof. Watts of Columbus, who has opened an athletic school in the Music Hall, will give a free exhibition of bag punching and sparring to night. The public is invited.

BOXING CONTEST.

Friday being amateur night at the Auditorium the two young Hartman brothers, James and George, will put off a three round boxing contest. These boys, aged 8 and 9 years, are exceedingly clever exponents of the "manly art" and the novelty of the affair will undoubtedly attract many persons to the performance. Auditorium Friday night.

WALK OVER BOOT SHOP

THROWS OPEN ITS DOORS TO THE PUBLIC FOR FIRST TIME TODAY.

Proprietors are Hustlers of Years of Experience—Souvenirs Given to Callers.

"The Walk-Over Boot Shop" is the name of the handsome new shoe store which opened its doors to the public for the first time today.

The proprietors are Fred T. Manning and Charles A. Manning, who are both native residents of Boston before coming to the Buckeye State. They have very successfully conducted

FRED T. MANNING

a similar store in Boston, where C. A. Manning will continue to remain in charge. Fred T. Manning becomes a resident of the city.

No expense of labor has been spared to make this a model place in every particular. The latest modern fixtures and appliances have been utilized to complete it. The color effect is green and white; all the woodwork, shelving, etc., being in white while the shoe boxes, carpetings, etc., are in

green. The shelving extends around the room from floor to ceiling with a shelf for every box. The Walk-Over trade mark is carried out in many ways even to the design of the carpet.

The store front is one of the handsomest in this city, being of plate glass and marble and with the floor at entrance in tiling.

Just inside the entrance the effect is very imposing with the grill work and posts with handsome electric lamps with green shades. At the rear two colored electric lamps are

CHAS. A. MANNING.

also very artistic and the office is elevated giving an added attractiveness to the room. Comfortable mahogany arm-chairs are used in two extended rows.

A representative from the Walk-Over headquarters is assisting the Manning Brothers today in entertaining their hundreds of visitors. It's an interesting fact in connection with the Walk-Over shoes that they have seven different factories, sell to forty-four different speaking nations and the output each day is 20,500 pairs of shoes.

The Manning Bros. have a thorough practical knowledge of their business, having started into the factory when quite young and worked their way up to important positions. They were traveling salesmen for the Walk-Over shoes for a few years before embarking into the retail business.

A fine musical program will be given from 7 to 10 o'clock this evening by the Marsh orchestra. Elegant souvenirs consisting of artistic panel calendars and lovely carnations are being presented to every caller.

BOWLING

The game of ten pins between the Yellow Kids and the Gilt Edge team on the Music Hall alleys last night resulted in three straight victories for the Yellow Kids. Scores:

GILT EDGE.			
G. Tracy	149	126	170
R. Russell	108	137	143
L. Lytle	138	117	145
J. Bausch	125	119	136
G. Blum	125	188	149
Totals	537	715	512

YELLOW KIDS.			
O. Patten	182	157	151
R. Tracy	107	133	183
Lewis	179	160	161
P. Bausch	130	141	163
C. Patten	132	140	166
Totals	559	731	515

Friday night the Johnstown team will play the Music Hall team.

Saturday the Zanesville team will play the Flicker club.

Western Reserve's crack basketball team will try a hand at the Denison team tonight in Cleveland Hall, Granville. Denison is expected to put up a lively contest and the staunch support of the students is expected to bring about the proper results. Several Newark basketball lovers will doubtless attend.

WALKING

For Wager From San Francisco to New York—Charles Moyer Visits Newark.

Tired and travel stained, Charles Moyer who left San Francisco October 29, on a wager that he could walk from Frisco to New York and back by May 29, was in Newark on Thursday. He arrived from Zanesville at 4 o'clock, wearing the High felt Stetson that must be worn by him.

He arrived in New York January 23, and rested in that city until January 27. Tonight he will leave for Columbus. He is allowed to ride 1200 miles, and as he hasn't ridden yet, he is confident he can win his wager. Moyer is an easy walker and carries a book in which his donations are entered, showing the places he has visited.

SICK HEADACHE

Positively cured by these Little Pills. They also relieve Distress from Dyspepsia, Indigestion and Too Hearty Eating. A perfect remedy for Dizziness, Nausea, Headache, Bad Taste in the Mouth, Coal-Breath, Flatulence, Pain in the Side, Biliousness, etc.

RESOLUTION NO.

Declaring it necessary to improve Clinton Street, from Locust Street to the north line of lots 476 and 481 in Dille, Warner & Penney's Addition, by constructing a sanitary and drainage sewer.

Be it resolved by the Council of the City of Newark, State of Ohio, three-fourths of all the members elected thereto concurring:

Section 1. That it is necessary to improve Clinton Street, from Locust Street to the north line of lots 476 and 481 in Dille, Warner & Penney's Addition, by constructing a sanitary and drainage sewer, in accordance with the plans, specifications, estimates and profiles of the proposed improvement, prepared by the Civil Engineer, now on file in the office of the Board of Public Service, which are hereby approved, and which shall be open to the inspection of all persons interested.

Sec. 2. That the materials used in the construction of said improvement shall be vitrified clay or shale sewer pipe and brick catch basins and manholes with proper cast iron covers.

Sec. 3. That the whole cost of said improvement, less one-fifth thereof, and the cost of intersections shall be assessed by the foot frontage upon the following described lots and lands, to-wit: All lots and lands adjoining and abutting upon the proposed improvement, which said lots and lands are hereby determined to be specially benefitted by said improvement and the cost of said improvement shall include the expense of printing and publishing notices, resolutions and ordinances required, and the cost of the construction of the sewer, together with the interest on bonds issued in anticipation of the collection of deferred assessments and all other necessary expenses.

Sec. 4. That the assessments to be levied shall be paid in ten semi-annual installments, with the interest on the deferred payments at 5 per cent. per annum, provided that the owner of the property assessed may at his option, pay such assessments in cash within thirty days from and after the passage of the assessing ordinance, to the City Treasurer, in which case said cash assessments shall not include any item of interest upon bonds to be issued in anticipation of the deferred installments of assessments.

Sec. 5. That bonds of the City of Newark, Ohio, shall be issued in anticipation of the collection of assessment by installments and in the amount equal thereto.

Sec. 6. That the remainder of the entire cost of said improvement not specially assessed, including cost of intersections, and the damage awarded any owner of adjoining lands and intersections thereof, and the cost and expense of any such award shall be paid by the issuance of bonds in the manner provided by law.

Sec. 7. This resolution shall take effect and be in force from and after its passage and legal publication.

Passed March 2nd, 1908.

HARRY ROSSELL, President of Council.
Attest: WM. F. WULFHOOP, Clerk.
Approved by the Mayor this 4th day of March, 1908.

HERBERT A. THURTON, Mayor.

d-3-5-12

ORDINANCE NO. 1872.

To levy special assessments for the construction of a 15-inch tile sanitary sewer on Hoover Street, from North Fourth Street to Buckingham Street.

Be it ordained by the Council of the City of Newark, State of Ohio: That the portion of the cost and expense hereinafter determined to be specially assessed for the improvement of Hoover Street, from North Fourth Street to Buckingham Street, by constructing a 15-inch tile sanitary sewer there to be assessed upon the lots and lands hereinafter mentioned the several amounts hereinafter set forth:

Mary L. Bone, lot 758, Ellis Addition, \$50.00
Harry Bone, lot 758, Ellis Addition, 49.50
J. C. Jones, E. one-half lot 82, 32.75
E. Jones, W. one-half lot 82, 32.75
Ellis Addition, 22.75

DESPAIED

OF IS THE LIFE OF HAZEL SWANEY, WHO WAS BURNED WEDNESDAY.

Is Conscious and Would Like to See Her Friends—End May Come at Any Moment.

All hopes of saving the life of Hazel Swaney, who was terribly burned at the Styron Beggs Chemical company's warehouse, Wednesday morning, have been abandoned.

Her chances for recovery are very slight, and her death is expected almost any moment. At first the attending physicians thought she had not inhaled any of the flames though her tongue was blistered. Later she told the attendants at the hospital that she thought she had inhaled some fire.

She has been conscious all the time since the accident, and is anxious to see her friends. Her mother spent the night at her bedside, and talked with her over the accident. She did not rest until nearly 4 o'clock this morning, when she dropped into slumber and slept until 7 o'clock.

She has been sick at her stomach today and had frequent spells of vomiting. Her burns were dressed today by her physicians and she is resting as comfortably as can be expected.

PILES QUICKLY CURED AT HOME

Instant Relief, Permanent Cure— Trial Package Mailed Free to All in Plain Wrapper.

Piles is a fearful disease, but easy to cure if you go at it right. An operation with a knife is dangerous, cruel, humiliating and unnecessary.

There is just one other sure way to be cured—painless, safe and in the privacy of your own home—it is Pyramid Pile Cure.

We mail a trial package free to all who write. It will give you instant relief, show you the harmless, painless nature of this great remedy and start you well on the way toward a perfect cure.

Then you will get a full-sized box from any druggist for 50 cents, and often one box cures.

Insist on having what you call for. If the druggist tries to sell you something just as good, it is because he makes more money on the substitute.

The cure begins at once and continues rapidly until it is complete and permanent.

You can go right ahead with your work and be easy and comfortable all the time. It is well worth trying.

Just send your name and address to Pyramid Drug Co., 92 Pyramid Building, Marshall, Mich., and receive free by return mail the trial package in a plain wrapper.

Thousands have been cured in this easy, painless and inexpensive way, in the privacy of the home.

No knife and its torture. No doctor and his bills. All druggists, 50 cents. Write today for a free package.

"Dearest Mamma" at Taylor Hall tonight.

PARTELLA STOCK CO.

Friday night's bill at the Auditorium to be presented by the Partello Stock company is Ouida's masterpiece, a drama of two continents entitled, "Under Two Flags," the piece in which Blanche Bates, David Belasco's favorite star, made such a hit in at New York two years ago. Miss Kennedy plays Cicely in a masterly manner. Her quick changing temperament in this play demonstrates her histrionic abilities. She has received great press notices from critics

everywhere. The supporting company is adequate in their respective lines. The scenic environment is put on in an elaborate style especially the sand storm scene in the third act, in fact nothing is lacking as to detail.

OUR NEW MINISTER.

The brand of the jail doesn't fade easily; sometimes, never. This truth with a terrible moral sticks through all the brimming humor with which Denman Thompson and Geo. W. Ryer have surrounded it in their comedy, "Our New Minister." Joseph Coners the uproariously funny detective, is still in the cast with most all the old favorites. The annual engagement will be at the Auditorium Thursday evening, March 19.

ORPHIUM THEATRE.

The bill this week is without a doubt one of the biggest comedy hits of the season headed by the Kingsburys in their latest comedy musical creation being a scream from start to finish. Williams and Leslie, the black face and the straight boy, are reputed rapid fire joke artists and it would be difficult for a patron to seize all of their excellent routine. Williams and Mayer the lady baritone and the comedian have a few novelties original in their funny skit. Kotora the Japanese wire artist and foot juggler, would please on any bill and the illustrated song and motions pictures are good, especially the picture "Cab No. 23." Extra-Friday night, an unknown will be introduced to the audience.

AT TAYLOR HALL TONIGHT.

The casts for the three little English comedies to be given at Taylor Hall tonight under the direction of Miss Florence King, are as follows: "Old Cronies."

Dr. Jacks, Mr. J. Howard Jones, (author of Dr. Jacks' Dictionary).

Captain Piegion, Mr. Edward King, (his friend).

Scene, Dr. Jacks' Study.

"Lend Me Five Shillings."

Mr. Golightly, Mr. Harold Kemp.

Capt. Phobbs, Mr. J. Howard Jones.

Capt. Spruce, Mr. J. W. Horner.

Moreland, Mr. Norton Beecher.

Sam, Mr. Edward King.

Mrs. Major Phobbs, Miss Kathryn Simonds.

Mrs. Captain Phobbs, Miss Floy Faulkner.

Scene, A Public Ballroom.

"Dearest Mamma."

Mrs. Breezely Fussell, Miss Kathryn Simonds.

Edith Clinton, Miss Edna Wright.

Mrs. Honeywood, Miss Floy Faulkner.

Harry Clinton, Mr. Harold Kemp.

Crocker, Mr. J. Howard Jones.

Uncle Browner, Mr. Edw. King.

Jones, Mr. J. W. Horner.

Scene, At Harry Clinton's.

GEO. A. LAWRIE

WILL SUCCEED A. J. BAUM AS MANAGER OF THE ORPHIUM IN THIS CITY.

Comes Highly Recommended as a Thorough Theatrical Man—No Change in House Staff.

George A. Lawrie, for two years the popular manager of the Crystal theatre in this city, has accepted a position with the Sun-Murray syndicate as manager of a new vaudeville house at Newark O.

Largely through the personal efforts of Mr. Lawrie the Crystal theatre in this city built up a wonderfully large patronage and Mr. Lawrie became familiarly known as the manager of the "house of hits."

Under his management the vaudeville house here has been conducted in a neat and orderly manner, in the handling of big crowds, the arrangement of special bills, in providing for the comfort of his audiences, and in the cordial treatment with the vaudeville business. The value of such service cannot be over-estimated. The public showed its appreciation of Mr. Lawrie's efforts, and gave expression to that feeling in many ways.

In return Mr. Lawrie has favored the Elkhart public, through providing talent for entertainments, etc., and no request has ever been from clubs or lodges that he has not been able to meet.

Through his affiliation with the lo-

cal lodge of B. P. O. Elks, the retiring Crystal theatre manager came into close personal friendship with the hundreds of members. The Newark Elks will find him a good "booster."

—Elkhart (Ind.) Truth.

Mr. Lawrie arrived in the city today and in conversation with an Advocate representative said that the comfort and convenience of the patrons of the Orphium will be his first consideration. Any suggestions tending to the betterment of the service will always be cordially received. It will be considered a favor if any inattention, incivility or any lack of courtesy on the part of the attaches of his theatre be promptly reported to the manager. It is only by being informed of errors or omissions that corrections can be made. No changes will be made in the house staff, as Mr. Lawrie feels that Mr. Baum has a staff that could hardly be improved upon.

A Higher Health Level.

"I have reached a higher health level since I began using Dr. King's New Life Pills," writes Jacob Springer, of West Franklin, Maine. "They keep my stomach, liver and bowels working just right." If these pills disappoint you on trial, money will be refunded at F. D. Hall's drug store, 25c.

CAUGHT THE TURKEY

But Had Exciting Chase Before the Gobbler Gave Up His Quills for Pens.

Attorney C. W. Miller, the Beau Brummell of Newark lawyers, had an exciting experience with a turkey gobbler that he will never forget and although a little disfigured is still in the ring. In his capacity as a lawyer he accompanied Mr. Frank Webb and Appraisers Perry E. Tygard, W. J. Fulton and T. F. Hillbrand to the farm of the late George P. Webb, in Union township, for the purpose of appraising it. When it came to making out a report it was discovered that while one of the party had a small bottle of red ink on his person, there was not a pen in the party. Attorney Miller, who is not so slow, became possessed of a happy thought. Why not run down one of the numerous turkeys on the place, capture it and secure a quill. Imparting his great scheme to the others, the whole party took after a large turkey gobbler, and after running it through several fields, a briar patch and over a woods, Mr. Miller succeeded in capturing it. The frightened bird made a last spurt and with the speed of a race horse tore through the brambles, with Mr. Miller holding on like grim death. He finally got the best of the gobbler and succeeded in extracting several quills from which they made a fairly good pen which answered the purpose. Mr. Miller says he will chase no more turkeys.

NEWARK

WILL UNDERGO SPRING HOUSE
CLEANING IF MAYOR'S IDEA
PLEASES PEOPLE.

ALL RUBBISH REMOVED

And Streets and Lawns Cleaned
Means an Attractive and Sanitary City.

Newark will be clean! That is if the wishes of Mayor Atherton are carried out. Just a sort of a general spring cleaning for the streets and alleys and lawns. Other cities have tried it and it always was a success.

The results have always justified the labor expended and Newark will start into the spring with her streets clean, all rubbish removed from the alleys and the yards surrounding the houses tidied up for the summer.

The majority of the people would adopt the suggestion readily and Newark would then be a cleaner, more attractive and a more sanitary city. The mayor requests that April first be taken as the day to do the work in, and when the people see what has been accomplished a day for cleaning would then become a regular institution.

Usher in the summer with clean streets and lawns and keep them that way during the summer months.

The old cans and boards and ashes and other rubbish piled in back alleys or back yards, are unsightly, and unhealthy, and if all were removed at one time the city would look like a different place.

April first is the date set and if the people take to the idea the result will be astonishing.

CONGRESSMEN

CHARGED WITH CORRUPTION BY
ELECTRIC BOAT COMPANY
OF BRIDGEPORT.

Representative Lilley Makes Astonishing Statements—Claims Company Received Profits.

Washington, March 12.—After saying he would assume no responsibility for the results of a congressional inquiry into his charges of corruption of congressmen by the Electric Boat company because the investigating committee would not act as he advised, Representative Lilley, of Connecticut, who made the charges, took the stand as a witness today, and said he had "little to add" to his statement made before the committee on rules some days ago. He then dramatically charged that the "company has maintained a powerful lobby here. I also charge that the company has received \$1,000,000 excessive profits from the government through exclusive legislation.

Asked who approached him and asked him to vote for legislation favoring the Electric Boat company, Lilley said, "Ferry, a manufacturer in my district, wanted me this year to vote as a member of the naval affairs committee, for the Electric Boat company's boat, so that he would get a contract with them."

"Did he say he was hired by that company?"

"No, but the company's attorney spoke to me the night before, and said that Ferry would come to see me. That attorney was John Kellogg of Bridgeport."

"Who was the congressman who was told by a representative of the Electric Boat company, that the company could have him put on the naval affairs committee?"

"Captain Hobson."

"Who told him?"

"Captain Hobson will tell you that. Ask him."

Discussing the submarine clause in the naval appropriation bill, favoring he claimed, the Electric Boat company, Lilley said "Representative Loudenslager offered that clause in the bill. It was drawn, I think, by Marion Butler, attorney for the Electric Boat company."

Lilley here said that, although the navy department had recommended only four submarines, the naval committee voted to buy eight.

IMPROVEMENTS

Of Great Magnitude Will Be Resumed
and Pushed to Completion
at Once.

Youngstown, O., March 12.—It was announced today that the \$10,000,000 improvements on the Ohio plants of the Carnegie Steel company which was checked by the financial panic, will be at once resumed and pushed to completion.

Have you read today's Wall Paper Talk on page 2 at top? 3-10du

TROUBLESOME STOMACHS.

So many digestive disorders afflict men and women now that a select prescription has been secured from a great Battle Creek specialist who offers it freely to those who cannot take sanitarium treatment. Its use for a few weeks is said to completely restore the digestive functions, increase the strength and cure nervousness, insomnia and all symptoms of a distressing nature due to such disorders. Mix these three ingredients together, shake well and take one or two teaspoonfuls after each meal: One ounce compound essence Cardui, two ounces essence of Pepsin and two ounces syrup of Ginger. One of our best known druggists, to whom the above was submitted, states positively that a more effective and harmless prescription could not be filled by any one, and that it is familiarly known as the "Rockefeller Cure." Prominent, up-to-date druggists will get the ingredients from their jobber, though most of them keep them in stock.

MATCHES

IN HANDS OF LITTLE FIVE YEAR
OLD GIRL ALMOST CAUSES
FATALITY.

Mother Sustains Severe Burns in
Saving Life of Daughter—The
Child's Other Mishaps.

While engaged in reading the Advocate's account of the terrible burning of Miss Hazel Swancy, Mrs. Irma Steele of 19 Gilbert street, South Newark, was frightened by a scream from her little daughter, Mildred, aged five years. Rushing to the room from whence the cries of the child came, Mrs. Steele was horrified to see the little one's dress a mass of flames. With remarkable presence of mind, the woman threw her dress around the child to protect her face, and with her bare hands extinguished the fire. Strange it seems, but the child was not injured the slightest, while Mrs. Steele sustained severe burns about the hands and wrists. The fire was caused by the igniting of matches with which the child was playing.

Mrs. Steele, who is the wife of D. & O. Brakeman James M. Steele, has two children, Mildred and a younger child, of three years. It seems that Mildred has met with more of fate's mishaps than most children of her years. A week ago Thursday the child upset a small gas stove in the absence of her mother, and severely burned one of her arms. Saturday she got busy in the medicine chest of the family and drank the contents of a bottle of sweet medicine generally used for disorders of children. Wednesday's act was the climax of the series.

When talked to by an Advocate reporter, the little girl promised not to play with matches any more and said she'd be careful.

It Does the Business.

Mr. E. E. Chamberlain, of Clinton, Maine, says of Bucklen's Arnica Salve: "It does the business; I have used it for piles and it cured them. Used it for chapped hands and it cured them. Applied it to an old sore and it healed it without leaving a scar behind." 25c. at F. D. Hall's drug store.

GROUND SINKING

And Inhabitants Are Becoming
Alarmed—Theories Advanced
as to Cause.

Wilkins, March 12.—This locality, geologists and all persons who have visited this earthquake or sinking of the earth are puzzled over the cause and have no predictions when the earth will quit sinking.

This sinking plot is located in Mary Ann township, seven miles north-east of Newark, involving a few rods of the Newark and Martinsburg road just north of Wilkins and on the sinking plot of ground is situated the Stickle grocery.

The earth began sinking some months ago, shortly after H. K. Stickle built a grocery there. He had a well driven near the store several feet deep and found plenty of water, but the water has never become clear or palatable. At times the water rises to the top of the well and runs out.

The Wilkins Run stream of water flows south, just west of the store. The store is built some twenty feet above the level of the stream and on the west side of the road. The crevice separating the sinking earth from the other earth starts near the stream running in a semi-circle across the road a few feet in the field of N. C. Pound, and then returning across the road toward the stream making a half circle and involving about a quarter of an acre of land.

The sinking of the surface has been gradual and more noticeable during a thawout or heavy rain. The road has now sunk several feet and the grocery has become alarmed and is contemplating moving his grocery. The vicinity and all who travel the road are also alarmed for fear something will let loose when they are going over this road. By tradition we learn that the Indians used to mine salt near Wilkins, and some theories are advanced that this may be the place and that the earth is now settling and filling the space mined out.

Emerson's Spring Suits and Top Coats

They're the newest
creations from the
BEST MAKERS, and
of course are the embodiment of all that's
